

A job should never cost you money.

If you have to pay to start work, it is not work.

A REAL EMPLOYER WILL NOT

- 01 Charge you for equipment or training**
- 02 Send a check and ask you to forward part**
- 03 Hire you over text without ever speaking**
- 04 Want bank details before a written offer**

Look the company up yourself and call their listed number. Bring the message to us and we will look together.
